Please view our services below and feel free to contact us for a quote for one or multiple services provided. **WEB DESIGN & DEVELOPMENT SERVICES**

Our main focus is determining the most appropriate solution for your web site design project. Whether you represent a large company or wanting a web presence for your own personal needs we will develop the best solution that meets your needs at a very affordable price. Whatever your needs may be, we can help, informational site with or without a shopping cart, flash site, large or small ecommerce site.

MAINTENANCE AGREEMENT

We can maintain your site's content, images (images must be in jpeg, gif format and not require any manipulation other than sizing), adding email accounts, adding text links, unlinking pages. Some changes that are not included as part of the maintenance package would be editing graphics (lighten, darken, alter color etc.), creating PDF documents, changing the layout/color of the website, adding or managing inventory, handling the link exchange process, adding pages, editing or creating flash files. We will provide in detail what the cost for these requests are for your approval before starting changes. [read more](#) .

FLASH ANIMATION

We design entirely flash based sites, sites with flash headings, flash intros, flash logos, flash videos and flash presentations. Every project is different please contact us for a quote.

GRAPHIC DESIGN SERVICES

Our Graphic Design Services will cover all of your print or digital needs. Some of the designs we offer are low resolution (web based only) or high resolution logo designs, custom artwork, banner designs and advertisements. Please contact us for a quote.

ADMIN/LOGIN WITH PROTECTED AREAS

Our admin/ login instantly creates protected areas, member areas. Provides manual and automated (online) user registration. Provides authentication and user access control. Please contact us for a quote.

WEBSITE ADMIN/CONTROL PANEL

Through a backdoor admin control panel you will have access to your website for updating. Update pictures, content, store items, and even create additional pages. Please contact us for a quote.

E-COMMERCE SITE

Our ecommerce sites are filled with features which allow for unlimited categories, products, orders and customers. Sale tangible or virtual products for download. Features real time inventory, discount products and much more. Please contact us for a quote.

MAILING LIST

Adding a mailing list to your site will help in you being able to contact your customers. Send out newsletters, Alert customers about sales or send monthly tips in your area of expertise. It's a good way to stay in contact and build customer relations. Please contact us for a quote.

FORUM / MESSAGE BOARD

Features include unlimited categories. Private forums and those only for specified user groups. Polls can be simply added to posts. User and group permission management. Control all aspects of the posting experience. Allow limited access to viewing, posting, replying and many other options. Unlimited members. Personal profile creation. Post counting and administrator-definable ranks for users. Mass delete/move/lock/unlock of posts. Option of auto-pruning of old or unanswered messages on a per-forum basis. Easy to Use Administration Center. Please contact us for a quote.
